REQUEST FOR CERTIFICATE OF CORRECTION

Commissioner for Patents:

A certificate of correction is respectfully requested in the above-identified patent.
The following errors have been made:

In column 4, claim 1, line 40, the section "isometrics used in a fractal image compression method," is erroneous and instead should read as -- isometries used in a fractal image compression method, -- pursuant to the amendment of December 20, 2007 and June 30, 2008.

In column 4, claim 1, lines 42-43, the section "isometrics corresponding to isometrics of symmetry with" is erroneous and instead should read as -- isometries corresponding to isometries of symmetry with -- pursuant to the amendment of December 20, 2007 and June 30, 2008.

In column 4, claim 2, line 49, the section "for a reading of four other isometrics of symmetry with" is erroneous and instead should read as -- for a reading of four other isometries of symmetry with -- pursuant to the amendment of December 20, 2007 and June 30, 2008.

In column 4, claim 3, line 55, the section "a plurality of isometrics corresponding to isometrics of" is erroneous and instead should read as -- a plurality of isometries corresponding to isometries of -- pursuant to the amendment of December 20, 2007 and June 30, 2008.

In column 4, claim 4, line 65, the section "representative of the reference block and of the isometrics" is erroneous and instead should read as -- representative of the reference block and of the isometries -- pursuant to the amendment of December 20, 2007 and June 30, 2008.

In column 5, claim 5, line 3, the section "includes obtaining the isometrics of symmetry with" is erroneous and instead should read as -- includes obtaining the isometries of symmetry with -- pursuant to the amendment of December 20, 2007 and June 30, 2008.

In column 5, claim 6, line 7, the section "further includes obtaining the isometrics of symmetry" is erroneous and instead should read as -- further includes obtaining the isometries of symmetry -- pursuant to the amendment of December 20, 2007 and June 30, 2008.

In column 5, claim 7, line 13, the section "and values representative of the isometrics of symmetry" is erroneous and instead should read as -- and values representative of the isometries of symmetry -- pursuant to the amendment of December 20, 2007 and June 30, 2008.

Attached is the certificate of correction, which indicates the corrections to be made, by reference to the category and page number in the printed patent. Because the errors were made by the Patent Office, no fee is necessary. However, if they are determined to be our errors, the Director is hereby authorized to charge payment of any fees associated with this communication only to Deposit Account No. 19-1090.

Respectfully submitted,
SEED Intellectual Property Law Group PLLC

UNITED STATES PATENT AND TRADEMARK OFFICE
CERTIFICATE OF CORRECTION

PATENT NO : 7,480,415 B2
DATED : January 20, 2009
INVENTOR : Jean Nicolai et al.

It is certified that an error appears in the above-identified patent and that said Letters Patent are hereby corrected as shown below:

Column 4

Line 40, "isometrics used in a fractal image compression method," should read as -- isometries used in a fractal image compression method, --

Lines 42-43, "isometrics corresponding to isometrics of symmetry with" should read as -- isometries corresponding to isometries of symmetry with --

Line 49, "for a reading of four other isometrics of symmetry with" should read as -- for a reading of four other isometries of symmetry with --

Line 55, "a plurality of isometrics corresponding to isometrics of" should read as -- a plurality of isometries corresponding to isometries of --

Line 65, "representative of the reference block and of the isometrics" should read as -- representative of the reference block and of the isometries --

Column 5

Line 3, "includes obtaining the isometrics of symmetry with" should read as -- includes obtaining the isometries of symmetry with --

Line 7, "further includes obtaining the isometrics of symmetry" should read as -- further includes obtaining the isometries of symmetry --

Line 13, "and values representative of the isometrics of symmetry" should read as -- and values representative of the isometries of symmetry --
